

Hey There, Sunshine Original Lyrics

I don't wish for you no pain
Don't say goodbye
Come back again
Oh my story's just begun
You're cast in stone
You've lost and won

Hey there sunshine
What's the matter with you
Hey there sunshine
Hey there sunshine
Hey there sunshine
What's the matter with you
What's the matter with you

Light me up when i go out
Fill up my lungs
I wanna scream and shout
Guess you know what you're about
Cos you've seen it all
Of that there's no doubt

Hey there sunshine
What's the matter with you
Hey there sunshine
Hey there sunshine
Hey there sunshine
What's the matter with you
What's the matter with you
