

Wild As The Water

Danni Nicholls, Ben Glover

I want your darkness I want your light
I want your truth and all that you hide
Your broken promise your silent oath
Your deepest secret your midnight ghosts

Wild as the water
Wild as the night on fire
Wild as the water
I'm wild as the night
Wild as the night
For you

I'll give you my lips I'll give you my arms
I'll give you sanctuary in the storm
I'll show you devotion I'll show my word
My strength and my weakness and all the places I hurt

Wild as the water
Wild as the night on fire
Wild as the water
I'm wild as the night
Wild as the night
For you
