

## FIRST CUCKOO OF SPRING

The first cuckoo of spring  
Sets my heart aflame  
The Caribbean winds  
Are gently blowing in

The first cuckoo of spring  
Is music to my ears  
My baby's coming home  
Summer's drawing near

The endless snow  
Flickers in the past  
All the pretty flowers  
Are starting to bloom at last

The first cuckoo of spring  
Such beauty to revere  
My lover's coming home  
Summer's drawing near

I've been pining for your touch  
Winter stole the light  
The first cuckoo of spring  
Has brought me back to life

The sun comes out of hiding  
Burns away my tears  
My lovers coming home  
Summer's drawing near

My baby's coming home  
My darlin's drawing near
